

Emergency Sharps Information

Workers Please Note (from the CDC website)

If you experienced a needlestick or sharps injury or were exposed to the blood or other body fluid of a patient during the course of your work, **immediately follow these steps:**

- Wash needlesticks and cuts with soap and water
- Flush splashes to the nose, mouth, or skin with water
- Irrigate eyes with clean water, saline, or sterile irrigants
- Report the incident to your supervisor on site and report to Dental Medical Staffing, Inc.
- **Immediately seek medical treatment**

You will follow the protocol for the office you are working for when the incident occurred.

Make sure you fill out an incident report and send a copy to Dental Medical Staffing, Inc. This should be done before you leave the office.

I will email you an 801 form (Report of Job Injury or Illness). You will need to complete the Worker section of the 801 form and return to me as soon as possible.

Also, please send copies of all forms and documents from the medical provider.

Attn: Debbie Allmaras email: debbie@dentalmedicalstaffinginc.com

I will forward all of the information to our Worker's Compensation Insurance carrier.

Carrier information: Saif Corporation policy #754444
